Greetings!

I know it's only September but are you ready for the holidays? This year it is more important than ever to let your employees, customers and vendors know how much you appreciate them.

We've all been through a lot of ups and downs the last few years. And while most businesses are back to business, our employees are working harder than ever. And our customers have more choices than ever.

It's time to say thank you.

I don't know about you, but I love opening a present. Big or small. Doesn't matter. Just something unexpected and thoughtful. Something that I can use and enjoy.

If you want to make sure your gifts hit the mark this year, now is the time to start. Inventories are coming back, but we're not completely there yet. Some items are going fast and won't be replenished until 2023. Other items are enroute but much of the stock is already spoken for, so we can't wait till it gets here to order.

For some items it would be best for us to design a custom box to send to everyone. In other instances, the gift may come in a gift box. Either way you want it to be special.

Some of the most popular items so far include:

Food gifts; Truffles, nuts, cookies, popcorn, cheese or charcuterie platters!

Personalized Tumblers; Why not include their name engraved on a stainless steel tumbler that keeps their drinks cold or hot for hours?

Who doesn't love a cozy fleece blanket? Even in our warm climates I still like to curl up under a blanket while streaming my latest show fascination.

At home cooking is still a big demand. Lots of great options to choose from.

And lets not forget the holiday cocktail! We have great gift sets of wine tumblers, cocktail shakers and more.

Let us help you show how much you appreciate your team and customers this holiday season!

Food, Glorious Food!

Unlike areas north of the Florida border, it has nothing to do with slightly chillier temperatures. We won't get those until much later. But we business owners do get to start planning our gift-giving menus for the upcoming holiday season. And, yes, I did say "menu!" ...
